

WHAT DOES IT COST ?

Home Care Packages are subsidised by the Federal Department of Health and Aged Care. Your contribution towards the package is negotiable.

If you have been assessed by the Aged Care Assessment Team and received approval from My Aged Care for a Home Care Package, we can assist in delivering care that is tailored to your specific needs.

The package may comprise of:

- A basic daily fee of up to 17.5% of the Single Aged Pension,
- An income-tested care fee if your income is over a certain amount.

If there is a reduced government subsidy, we will be required to apply the payment of an income tested fee.

You will be provided with a personalised budget so you can see how much funding is available. You can advise us how you would like the funding to be spent.

Your home care package is individually designed to meet your goals and preferences. Your Care Plan will be adapted as your needs or preferences change.
